### Director Report:

- Mr. Jahnke reported that the show is going well but the band still has lots to do.
- Mustang contest was a pleasant surprise. Judges comments were positive. They love what we're doing but we need to finish our show. Our band won the music category by 14 points! Big compliment when other Band Directors came over to watch our/your kids perform/practice. General Effects were our lowest scores but that will change and we should get a "bump" when our props are added.
- Goal this week is to finish the show!

  - Mr. Jahnke will send out a nightly email updating all parents on that day's activities.

    - Saturday - leave hotel for good. Morning rehearsal. Our prelim spot is the third band from the end which is a good position .
